PROBLEM STATEMENT

A normal paper resume is plain and limited in design, which makes it hard to show creativity and stand out. To solve this, I created a digital resume that presents my personal details, skills, education, and projects in a clear, attractive, and easily accessible way.

PROJECT OVERVIEW

The project focuses on developing a DigitalPortfolio Website to showcase personal details, academic background, technical skills, and project work. The portfolio emphasizes user-friendly design, responsive layout, and interactive elements, enabling viewers to navigate easily and understand the profile.

WHO ARE THE END USERS?

- 1.Students & Professionals - To showcase their skills and achievements.
- 2.Recruiters & Employers - To evaluate candidates' capabilities beyond a traditional resume.
- 3.Academic Institutions - For student project submissions and evaluations.

TOOLS AND TECHNIQUES

Front-end: HTML, CSS, JavaScript.

Version Control: GitHub

Design Tools: Canva(for layout design)

PORTFOLIO DESIGN AND LAYOUT

Home page: Introduction and Banner Section.

About Section: Personal Details, Academic Profile.

Skills Section: Technical expertise and Skills.

Contact Section: Address, email and phone number.

PORTFOLIO DESIGN AND LAYOUT

- Proper use of fonts, spacing, and alignment makes the design professional.
- The layout is simple, attractive, and user-friendly, making the information easy to follow.

FEATURES AND FUNCTIONALITY

- Provides a clear and organized structure for personal, academic, and professional details.
- Interactive navigation with responsive design.
- Accessible anytime and anywhere in digital format.
- Compatible across devices such as laptops, tablets, and smartphones.
- Contact form for direct communication.

RESULTS AND SCREENSHOTS

- Successfully deployed Digital Portfolio Website
- Enhanced visibility of projects and skills
- Positive feedback from peers and mentors
